If you choose Sat 9/24 pickup for your order but your plans change, please call our office ASAP, at 914-666-6503 or email us.

(This would be a great help for our seed sale volunteers who are staffing that morning so they know not to wait for you.)

## Bird Seed Types

<b>Sunflower Seed</b>	All forms of sunflower seed attract most birds. The <i>striped</i> has larger seeds. The <i>black oil</i> gives the birds more energy and a smaller seed with a thinner shell. The <i>sunflower coarse chips and hearts</i> leave no hull residue.				
<b>Mixed Seed</b>	As in past years, we are offering a customized <i>SMRA mix</i> . The <i>Economy mix</i> may be preferred by those who want to cut down on the sunflower seed to reduce the amount of hulls under a feeder. The <i>No Mess Mix</i> will leave practically no residue because all hulls are removed. <b>The 2022-2023 seed mix percentages are:</b>				
<b>SMRA Custom Mix</b>	10% striped sunflower 25% black oil sunflower 40% white millet 15% cracked corn 5% safflower 5% whole peanuts	<b>SMRA Economy Mix</b>	10% black oil sunflower 45% white millet 45% cracked corn	<b>No Mess Mix</b> <i>also called Hearty Delight</i>	50% sunflower hearts 15% hulled white millet 25% whole peanuts 5% nyjer thistle 5% fine cracked corn
<b>Thistle (Nyjer)</b>	Small black seed that is a favorite of goldfinches and any visiting northern finches like Pine Siskins or Common Redpolls. A special feeder with small feeding ports or a fine meshed sock is needed.				
<b>Cracked Corn</b>	Attractive for ground feeders like Mourning Doves, Blue Jays, various sparrows. And squirrels.				
<b>Peanuts</b>	A high energy feed appealing to birds and squirrels. A favorite of Tufted Titmouse				
<b>Safflower Seed</b>	Noted for <i>not</i> being attractive to squirrels and starlings. Cardinals and chickadees like safflower.				
<b>Suet</b>	Particularly attracts woodpeckers, but also nuthatches, titmice, and chickadees. <b>For this year's sale, we are offering suet mixed with seed.</b>				

**2022 PRICING NOTE:** Many of the seed items we purchase had large price increases this year. Please know that we have increased your prices only as much as our costs increased, forgoing any additional markup because we value our customers. Please remember that your purchases also support our local conservation work.
