

## Birding 101 Resources to Learn More

- **All about Birds** – The best and first stop on the web to learn about birds and birding, as well as citizen science opportunities like FeederWatch and NestWatch. [www.allaboutbirds.org](http://www.allaboutbirds.org)
- **Plants for Birds** – National Audubon resource to look up native plants for your area that are most helpful for birds and other wildlife. [www.audubon.org/plantsforbirds](http://www.audubon.org/plantsforbirds)
- **eBird** – Millions of sightings records from across the world, searchable by county, state and country with listings searchable by birding hotspots and time of year. [www.ebird.org](http://www.ebird.org)
- **Bird Academy from Cornell Lab of Ornithology** – Learn more about bird identification and become a better birder by going deeper on the ID of hawks, waterfowl, shorebirds, sparrows and more. [academy.allaboutbirds.org](http://academy.allaboutbirds.org)
- **National Audubon Society** – Link up with ~400 chapters across North America for bird walks, workshops and programs. [www.audubon.org](http://www.audubon.org)
- **American Bird Conservancy** – Working across the Americas for bird conservation. "Cats Indoors" education materials and window collision prevention. [www.abcbirds.org](http://www.abcbirds.org)
- **Healthy Yards** – Take steps today for a healthier yard for yourself, your family and neighbors, for all community spaces, and for birds and other wildlife. Make America green again! [www.healthyyards.org](http://www.healthyyards.org)
