If you choose Sat 10/7 pickup for your order
but your plans change, please call our office
ASAP, at 914-666-6503 or email us.

(This would be a great help for our seed sale
volunteers who are staffing that morning
so they know not to wait for you.)

Bird Seed Types

| | | | | | |
|------------------------|---|-------------------------|---|---|--|
| Sunflower Seed | All forms of sunflower seed attract most birds. The <i>striped</i> has larger seeds. The <i>black oil</i> gives the birds more energy and a smaller seed with a thinner shell. The <i>sunflower coarse chips and hearts</i> leave no hull residue. | | | | |
| Mixed Seed | As in past years, we are offering a customized <i>SMRA mix</i> . The <i>Economy mix</i> may be preferred by those who want to cut down on the sunflower seed to reduce the amount of hulls under a feeder. The <i>No Mess Mix</i> will leave practically no residue because all hulls are removed. The 2023-2024 seed mix percentages are: | | | | |
| SMRA Custom Mix | 10% striped sunflower 25% black oil sunflower 40% white millet 15% cracked corn 5% safflower 5% whole peanuts | SMRA Economy Mix | 10% black oil sunflower 45% white millet 45% cracked corn | No Mess Mix <i>also called Hearty Delight</i> | 50% sunflower hearts 15% hulled white millet 25% whole peanuts 5% nyjer thistle 5% fine cracked corn |
| Thistle (Nyjer) | Small black seed that is a favorite of goldfinches and any visiting northern finches like Pine Siskins or Common Redpolls. A special feeder with small feeding ports or a fine meshed sock is needed. | | | | |
| Cracked Corn | Attractive for ground feeders like Mourning Doves, Blue Jays, various sparrows. And squirrels. | | | | |
| Peanuts | A high energy feed appealing to birds and squirrels. A favorite of Tufted Titmouse. | | | | |
| Safflower Seed | Noted for <i>not</i> being attractive to squirrels and starlings. Cardinals and chickadees like safflower. | | | | |
| Suet | Particularly attracts woodpeckers, but also nuthatches, titmice, and chickadees. For this year's sale, we are offering suet mixed with seed. | | | | |

2023 PRICING NOTE: We were encouraged that our costs for seed did not increase this year and, in a few cases, were even reduced, such as sunflower chips.
