

★ It's up to you and me to protect these beautiful creatures

Birds of prey in our area like Great Horned Owls, Red-tailed Hawks and even Bald Eagles are dying from SGAR rat poison. And there are alternatives! *

These boxes kill more than rats!
Second Generation Anticoagulant Rodenticides (**SGARs**) used in these boxes ALSO kill owls, hawks and eagles.

A survey in Chappaqua found 15 rat poison boxes:
5 at the high school, 3 at the library, 7 in parking lots

* www.raptorsarethesolution.org
has alternatives to SGAR use
and posters & brochures to share

★ **Want to do something about this?**
